

RESIDENTIAL AND COMMERCIAL  
BUILDING SERVICES

## CASE STUDY

### PROJECT DETAILS

AJ Grant received a request for Tender from Leaf Architecture for the refurbishment of two rooms in the admin building at the Corpus Christi Catholic High School in Oak Flats.

The first room involved some light demolishing works to erect new framework and walls to create the new office space. New fixed joinery and cabinetry were installed to the new office and in the existing finance office space.

Final painting and clean after installation of new joinery completed prior to the end of the holidays and on time as per program to allow the staff to set up for the 2019 school year.

#### Location

Industrial Road  
Oak Flats NSW

#### Sector

Education

#### Client

Catholic Education  
Diocese of Wollongong

#### Project Manager

Glenn Amies

#### Supervisor

Doug Stokes

If you have a creative challenge or renovation / repair project,  
we'd love to hear from you
